# SQUIRES FINE ART MATERIALS - AIRBRUSHES

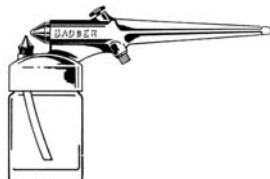

## BADGER AIRBRUSHES

Badger offer a wide range of spares and accessories for their Air brushes. We have listed only a small selection of the items that are available. We will supply any spare or accessory which is a **current** item. Please do not hesitate to contact us with the part numbers of any items you require.

**BASIC SPRAY GUN MODEL 250** the Model 250 will handle medium to heavy viscosity material for larger overall coverage. It is ideal for: Modelling, Workshops, Ceramic Underglazing, Fogging and Stencilling; on projects that require a simple but effective spray. The Spray Pattern can be adjusted from 3/4" to 2", by turning the Paint Tip at the front of the Gun. The body is moulded in a high-impact, solvent-resistant Nylon, while the Paint Tip, and other major components, are precision made Metal parts. Operates on 20-50 PSI.

250-2 Includes:- 250-2 Spray Gun, 1oz Jar, 6' Vinyl Hose, and a Regulator Valve.

250-4 Includes:- 250-4 Spray Gun, 4oz Jar, Vinyl Hose, a Regulator, and a Can of Propellant.

| 50-0281 | Large Hole Paint Tip & Spring for 250..... | £5.59  |

**BADGER 350 SERIES AIRBRUSH** the Model 350 is a Single Action, Bottom Feed, External Mix, Airbrush which is ideal for the beginner, hobbyist, ceramist and automotive painter. The External Mix gives a larger dot pattern, so is ideal for larger areas. It will spray high-viscosity materials such as: Ceramic Glazes, Stains and Hobby Enamels. It is also effective with **properly reduced** Acrylics, Inks, Dyes, Water-colours etc. The body is moulded from a high-impact Nylon, and, by changing the Head Assembly, the Spray Width can be varied: Fine 1/8"- 1"; Medium 1/4"-1 1/2"; Large 1/2"-2".

The B350-9 Set contains: the 350 Airbrush with Medium Fluid Assembly, Vinyl Hose and Propellant Regulator. The B350-3 set contains: the 350 Airbrush with Medium Fluid Assembly, 2 x 1oz Jars, Jar Adaptor, Airhose, Propellant Regulator, 250ml Propellant Can, 2oz Jar with Lid, 1/4oz Colour Cup, Head Wrench and Instruction booklet.

**BADGER 200 SERIES AIRBRUSH** the Model 200 is a Single Action, Bottom Feed, Internal Mix, Airbrush which produces a soft spray pattern. The ease of operation makes this Model an ideal tool for the beginning artist and hobbyist etc. It can be used for painting: Posters, Illustrations, Custom Automotive, Ceramics, T-shirts, and all types of Models. The Bottom Feed feature holds a larger capacity of: Inks, Dyes, Watercolours, Gouaches, **reduced** Acrylics, Fabric Paints, Modelling Paints, Lacquers and Enamels etc. The Model 200 Airbrush has been subject to a design improvement, by which a **single** Paint Tip, Head, Spray Regulator and Needle, is now used to control the Spray Width from a Fine Pencil Line up to a 2" Spray Width. The 200-3 Set contains:- 200 Airbrush with a New Paint Tip and Needle, 2 x 1oz Jars with Lids, 6' Vinyl Hose, Propellant and Regulator, Can of Airbrush Cleaner, and Full Instructions.

**MONTANA CAPS** available in five sizes. The nozzles can be changed to achieve different effects on project customize your spray width from very thin to very wide. The cap system also combines low and high-pressure performance in the same can. The spring in the valve system facilitates fine details in small areas as well as filling. The ultra thin cap is ideal for detailed work, whilst the Extra Fat Cap is ideal for large objects & large areas of colour. The spray width can be altered by changing the spraying distance by holding the can further away from the project.

|         | Average paint width             | Spray distance |
|---------|---------------------------------|----------------|
| 548-001 | 0.3" - 0.4" ( 7.62mm - 10.16mm) | 0.5" - 2"      |
| 548-002 | 0.5" - 1.5" ( 12.7mm - 38.1mm)  | 0.5" - 2"      |
| 548-003 | 1.5" - 3" ( 38.1mm - 76.2mm)    | 0.5" - 2"      |
| 548-004 | 4" - 5" (101.6mm - 127mm)       | 6" - 10"       |
| 548-005 | 7" - 8" (177.8mm - 203.2mm)     | 6" - 10"       |
